

Proposed New Facet

Human factors - Human factors are those elements that influence the performance of people operating equipment or systems; they include behavioural, medical, operational, task-load, machine interface and work environment factors. From Transport Canada:

<http://www.tc.gc.ca/eng/railsafety/publications-ontrack-215.htm>

Possible TRT terms to put under Human factors (Mv):

Distraction (Mvd)

Fatigue (Mvf)

Human information processing (Mvg)

Human error (Mvh)

Abilities (Mvm)

 Aptitude (Mvma)

 Alertness (Mvmb)

 Attention (Mvmba)

 Attention lapses (Mvmb1)

 Vigilance (Mvmbv)

 Cognition (Mvmd)

 Awareness (Mvmdda)

 Comprehension (Mvmddc)

 Knowledge (Mvmddk)

 Understanding (Mvmddu)

 Reading (Mvmddur)

 Map reading (Mvmddurm)

 Intelligence (Mvmg)

 Intelligence quotient (Mvmgi)

 Judgment (Mvmj)

 Learning (Mvml)

 Motor skills (Mvmm)

 Motor reactions (Mvmr)

 Reaction time (Mvmrr)

 Memory (Mvms)

 Memory devices (Mvmism)

Perception (Mvp)

 Auditory perception (Mvpa)

 Olfactory perception (Mvpb)

 Depth perception (Mvpd)

 Motion perception (Mvpm)

 Distance perception (Mvps)

 Velocity perception (Mvpu)

 Visual perception (Mvpv)

 Wayfinding (Mvpw)

 Tactile perception (Mvpx)

Stress (Mvs)

Physical disabilities (Mvt)

 Vision disorders (Mvtr)

 Blindness (Mvtrb)

 Color blindness (Mvtrc)

 Hearing loss (Mvtt)

Deafness (Mvtttd)
Motivation (Mvv)
